

## INFORMATION SHEET

### Marking specifications according to Single-Use-Plastic-Directive (EU 2019/904)

Based on the [SUP-DIRECTIVE \(EU 2019/904\)](#) a new implementing regulation for harmonized marking specifications on single-use-plastic products was released in December 2020.

We would like to inform you, that as of **3 July 2021** following single-use plastic products need to have a marking with information of appropriate waste management options as well as the resulting negative impacts of littering or other inappropriate means of waste disposal to the environment.

The following single-use plastic products listed in PART D [SUP-DIRECTIVE \(EU 2019/904\)](#) require marking:

1. Sanitary towels (pads), tampons and tampon applicators;
2. Wet wipes, i.e. pre-wetted personal care and domestic wipes;
3. Tobacco products with filters and filters marketed for use in combination with tobacco products;
4. Cups for beverages.

Single-use plastic products of the first three categories shall place the information text „PRODUKT ENTHÄLT KUNSTSTOFF“ on the packaging. Cups for beverages shall place this information on the bottom.

Detailed information about the size, position and design of the marking are listed in ANNEX I-IV of the [COMMISSION IMPLEMENTING REGULATION \(EU\) 2020/2151](#).

By way of derogation from printed marking, the marking of packaging placed on the market before 4 July 2022 may be affixed by means of stickers.
