

Price overview 2026
for batteries, valid as of 1 January 2026

		Price in € / t
Code	Categories	as of 01.01.2026
	Portable batteries¹⁾	
50.01	Portable batteries Lithium	780,00
50.04	Portable batteries Nickel-based	770,00
50.05	Portable batteries Others	770,00
	Light means of transport (LMT) batteries	
60.01	LMT batteries Lithium	780,00
60.02	LMT batteries Lead	770,00
60.03	LMT batteries Nickel-Cadmium	770,00
60.04	LMT batteries Nickel-based	770,00
60.05	LMT batteries Others	770,00
	Starting, lighting and ignition (SLI) batteries	
70.01	SLI batteries Lithium	200,00
70.02	SLI batteries Lead	10,00
70.03	SLI batteries Nickel-Cadmium	200,00
70.04	SLI batteries Nickel-based	200,00
70.05	SLI batteries Others	200,00
	Industrial batteries	
80.01	Industrial batteries Lithium	200,00
80.02	Industrial batteries Lead	200,00
80.03	Industrial batteries Nickel-Cadmium	200,00
80.04	Industrial batteries Nickel-based	200,00
80.05	Industrial batteries Others	200,00
	Electric vehicle (EV) batteries	
90.01	EV batteries Lithium	200,00
90.02	EV batteries Lead	200,00
90.03	EV batteries Nickel-Cadmium	200,00
90.04	EV batteries Nickel-based	200,00
90.05	EV batteries Others	200,00

Code	Flat fee ²⁾	Price in € / a
P50	Flat fee Portable batteries ≤ 120 kg incl. Lithium	100,00
P55	Flat fee Portable batteries ≤ 300 kg incl. Lithium	300,00
P60	Flat fee LMT batteries ≤ 500 kg incl. Lithium	500,00
P70	Flat fee SLI batteries ≤ 500 kg incl. Lithium	200,00
P80	Flat fee Industrial batteries ≤ 500 kg incl. Lithium	100,00

	Minimum fee	Price in € / a
	Minimum fee	100,00

- ¹⁾ Portable batteries of general use are a subcategory of device batteries and must be reported separately. The same rate applies to both, but it only needs to be paid once.
- ²⁾ System partners who fall below the respective maximum threshold of the quantity placed on the market for small-scale distributors can fulfil their reporting obligations by registering as a lump sum reporter.
